*"Inspiring insight and healing for you and your pet"*

## Animal Communication

Our pets are not just animals to us; they are part of our families that fill our lives and our hearts. Jodi's goal is to help you strengthen your relationship with your beloved pet by giving you the insight you need to help with behavior problems, personality conflicts, a pet that is very ill or you may just want to know if there is anything they want to say. Jodi does readings for animals that are alive or deceased.

If possible, please bring a photo of your pet. If that is not an option, readings can be done from a description.

## Intuitive Readings

Feeling lost? Confused? Just not quite sure what your next step should be? Jodi serves as a messenger to give you insight and a perspective that helps you move in a direction that your soul desires, which leaves you feeling inspired to continue on your spiritual journey with confidence. Readings are most effective when you are ready and willing to move forward and change and are an active participant in that change. Jodi doesn't focus on predictions but more on giving you clarity and guidance about who you are and where you are going as she feels intuitive readings can be used as a powerful tool to help you have a better understanding of yourself, to heal yourself at a deeper level and live a happier, more fulfilling life.
