

Soular Integration

Exploring the Spiral of Consciousness

This is an energy therapy that evolved as a practical synthesis of various transformational modalities, an approach born out of deep exploration into the individual energy matrix.

Through conscious listening to the impulses of the soul, wherein all personal wisdom is contained, the body and surrounding auric field are offered new possibilities for expression, balance and wholeness.

As we hold a gentle and compassionate space for the natural inner-light to shine, radiance emerges and we begin to behold ourselves anew.

Perceptions shift and defenses soften as new portals of understanding are revealed and we begin to glimpse a homecoming, a return to our authentic, divine nature.

Sessions are 60 to 75 minutes in length, which includes a preliminary discussion to determine your intention (where we identify the areas of your life that you would most like to transform) prior to your time on the massage table, and are being offered for \$60.00.

Soular Integration is being offered by Victoria Swanson, who has a plethora of metaphysical trainings and experiences, including Cellular Release Body/Breathwork, Hypnotherapy, Reiki Master, ClearSight Energy Medicine and Ministerial Program, Science of Mind Practitioner, Akashic Records Reader, toning and crystal healing.

Please e-mail vswans@gmail.com or call 541-508-8222 to schedule an appointment.

Sessions are done fully clothed, so dress comfortably and, if possible, take some additional quiet time for reflection and integration after your session.
